

2nd ESC and AEPC Teaching Course

Adult Congenital Cardiac Disease

Congenital Cardiologists meet Congenital Cardiac Surgeons

Antalya, Turkey – WOW Kremlin Palace Hotel
September 25 – 26, 2009

Organization: H. Kaemmerer, München, P. Trigo Trindade, Zürich
A. Sztatmari, Budapest, U. Bauer, Berlin
Host: Ö. Oto, Izmir, Turkey

www.yenilikler2009.org

Program

Date: Friday, 25 September 2009 Teaching Course: Adult Congenital Cardiac Disease

1st Day

1st Session

Chairmen: András Sztatmari (Budapest, HU)- Serdar Kucukoglu (Istanbul, TR)

08.30 – 10.00

1.	Öztekin Oto, Izmir, TR	Cardio-pulmonary bypass in ACHD
2.	Koichiro Niwa, Tokyo, JP	Abnormalities in the aortic root of ACHD
3.	Helmut Baumgartner, Münster, DE	Valve replacement: Choosing the right valve for adults with CHD
4.	Ad Bogers, Rotterdam, NL	Is the Ross-procedure the method of choice for aortic valve replacement in adults?
10.00 – 10.30	Coffee Break	

2nd Session

Chairmen: Harald Kaemmerer (Munich, DE), Ali Oto (Ankara, TR)

10.30 – 12.00

1.	Johan Holm, Malmö, SE	Marfan Syndrome and Familial Thoracic Aortic Aneurysm Syndrome
2.	Jan Gummert, Bad Oeynhausen, DE	Surgical Management of adults with Marfan Syndrome
3.	H. Tasin Keçeligi (Samsun, TR)	Surgical Management of aortic coarctation
4.	Harald Gabriel, Vienna, AU	Following the adult after surgery for aortic coarctation
12.00 – 13.30	Lunch	

3rd Session

Chairmen: Levent Saltık (Istanbul, TR), Nazan Barlas (Adana, TR)

13.30 – 15.00

1.	Öztekin Oto, Izmir, TR	Surgical Management of adults with atrial or ventricular septal defects
2.	Harald Gabriel, Vienna, AU	Following the adult after surgery for atrial or ventricular septal defects
3.	Akçevin Atif, Istanbul, TR	Surgical Management of adults with atrio-ventricular septal defect
4.	Peter Ewert, Berlin, DE	Following the adult after surgery for an atrio-ventricular septal defect
15.00 – 15.30	Coffee Break	

4th Session

Chairmen: Ulrike Bauer (Berlin, DE) - Levent Gökgöz (Ankara, TR)

15.30 – 17.00

1.	Afsendiyos Kalangos, Genova, CH	Surgical Management of Ebsteins anomaly
2.	Pedro Trigo-Trindade, Zürich, CH	Following the adult after surgical treatment of Ebsteins anomaly
3.	Gilles Dreyfus, London, UK	Tricuspid Regurgitation: Criteria for Surgical Repair

Date: Saturday, 26 September 2009 Teaching Course: Adult Congenital Cardiac Disease

2nd Day

1st Session

Chairmen: Tayyar Sarioglu (Istanbul, TR), Pedro Trigo-Trindade, (Zürich, CH)

08.30 – 10.00

1.	Ali Kutsal, Ankara, TR	Surgical Management of Fallot's Tetralogy
2.	András Sztatmari, Budapest, HU	Following the adult after surgical treatment of Fallot's Tetralogy
3.	Jürgen Hoerer, Munich, DE	Surgical Management of complete transposition of the great arteries
4.	Johan Holm, Malmö, SE	Following the adult after surgical treatment of complete transposition of the great arteries
10.00 – 10.30	Coffee Break	

2nd Session

10.30 – 12.00

Chairmen: Gül Sağın Saylam (Izmir, TR), Alp Alayunt (Izmir, TR)

1.	Ad Bogers, Rotterdam, NL	Surgical Management of univentricular hearts
2.	Peter Ewert, Berlin, DE	Following the adult after modified Fontan operation
3.	Christa Gohlke-Bärwolf, Bad Krotzingen, DE	Endocarditis prophylaxis after surgical treatment in ACHD
12.00 – 13.30	Lunch	

3rd Session

13.30 – 15.00

Chairmen: Harald Kaemmerer (Munich, DE), Koichiro Niwa (Tokyo, JP)

1.	Eero Jokinen, Helsinki, Fin	Causes of late death after pediatric cardiac surgery
2.	Koichiro Niwa, Tokyo, JP	Predictive factors for long-term prognosis in adults with cyanotic congenital heart disease
3.	Jan Gummert, Bad Oeynhausen, DE	Surgical options for the failing heart (mechanical circulatory support; Batista-Operation, artificial heart etc.)
4.	Victor Tsang, London, UK	Heart and Heart-Lung-Transplantation in ACHD
5.	Helmut Baumgartner, Münster, DE	Indications and options for cardiac surgery in the unoperated adult with CHD

End of the Meeting

Program

Dear Colleagues and Friends,

After the big success of our first teaching course in 2008, it is our great pleasure and honor to invite you to the 2nd European Teaching Course on „Adult Congenital Cardiac Disease“ which is going to be held in Antalya, Turkey on September 25th – 26th, 2009.

This course will be held during the 5th Congress of „Update in Cardiology and Cardiovascular Surgery“, organized by Prof. Öztekin Oto.

<http://www.yenilikler2009.org/english/>

We are most grateful to Prof. Öztekin Oto. Again, his kindness and support made this course become real.

The teaching course is once more a joined project of the working groups „Grown-up Congenital Heart Disease“ of the European Society of Cardiology (ESC-WG GUCh), the Association for European Paediatric Cardiology (AEPC), and the German

Competence Network for Congenital Heart Disease.

The program includes topics on almost every import aspect of surgical treatment and postoperative management in adult congenital cardiac disease, given as state-of-the-art-lectures.

The course is given for those who would like to update their knowledge on new developments in adult congenital cardiac disease, as well as for those who would like to get a first overview about this exciting and evolving subspecialty in cardiology.

We believe the course will be attractive not only to adult or pediatric cardiologists and surgeons, but also to cardiac anesthesiologists, intensivists, neonatologists, pathologists, nurse specialists, and sonographers.

We can assure that, besides an excellent scientific meeting, you will enjoy Turkish

hospitality and a stimulating atmosphere in a De Luxe Resort Hotel near Antalya.

This Congress will give an opportunity not only to share knowledge, but also to meet old friends and make new friends from European countries. The organizers once again urge you to come to Antalya, Turkey, and bring friends, colleagues, trainees, students, and family along with you.

We are also hoping that these teaching-courses will become tradition and will continue in the future.

We look forward to welcoming you personally in Antalya.

H. Kaemmerer,
Munich, Germany
